ABOUT THE ANNUAL INSTITUTE

Each year our Community Early Childhood Councils (CECC) convene to network, share best practices and consider the future of early childhood development in Kentucky. The Annual Institute is hosted by the Governor's Office of Early Childhood and focuses on the important role the Councils will play to help ensure that all Kentucky children are ready to succeed in Kindergarten and beyond. The Institute provides training and technical assistance to Councils including informational sessions designed to highlight potential activities for Councils for the coming year and beyond.

HOW TO GET THE MOST OUT OF THE INSTITUTE

We want you to get the most out of the time you have at this year's CECC Annual Institute. As you consider which sessions you would like to attend, be sure to arrive on time and silence your cell phone before entering.

If you are interested in receiving ECE-TRIS training hours, make sure that if you have any changes to your personal information you complete the form included in your conference folder. Also be sure to complete the sign-in sheet at each session you attend where a sign-in sheet is available.

Please note that all available copies of handouts and PowerPoint presentations will be posted after the Institute at this link: <http://kidsnow.ky.gov>

If you need anything at all, staff will be at the registration desk to assist you throughout the Institute.
